

President's Report, July 27, 2007

- Server changed in January from our own machine to a commercial service. The cost benefit was discussed.
- Donations are not needed at this time due to current financial position, but there may be a need for future requests for support.
- The microfilm of the official daily totals, obtained from the Hall of Fame, will be scanned and converted to digital format by commercial companies.
- Proofing continues with the release of 1956 and 1953 planned for this fall.
- Long time volunteers Bob Boynton and Dale Hains passed away during the past year. They will be sorely missed.
